Systemic Functional Linguistics and Critical Discourse Analysis

- B. Hatim 2014-06-17 Discourse and the Translator both incorporates and moves beyond previous studies of translation. Its logical and informative approach to the problems of translation ensures that it will be essential for all those who work with language in various contexts. Incorporating research in sociolinguistics, discourse studies, pragmatics and semantics, the authors analyse the process and product of translation in their social contexts. Through this analysis, the book acquaints the reader with the translator as a facilitator between cultures.

Systemic Functional Linguistics and Critical Discourse Analysis

 Language, Power and Ideology 1989-01-01 The topic of Language and Ideology has increasingly gained importance in the linguistic sciences. The general aim of critical linguistics is the exploration of the mechanisms of power and their manifestations in the social and cultural sphere. This book provides a comprehensive and up-to-date overview of the main currents in critical linguistics, with particular emphasis on the interaction between language and ideology. The book also contains a critical discourse analysis of a speech by M. Gorbachev at the United Nations in 1990, which demonstrates the application of critical discourse analysis in practice. The book includes chapters on language and politics, language and ideology, language and society, and language and power. The book is aimed at advanced undergraduate and postgraduate students in linguistics, as well as researchers in the field.
