Play | NAEYC
Sep 01, 2021 · Play is an important part of children's learning and development. Find articles on how to intentionally connect play and learning, ideas to share with families, and the latest research about learning and play.

Developing Literacy Through Play
collection, it is apparent that literacy skills may evolve naturally during play for young children. Prior to the mid 1900s, the common view was that play should be something that
must be experienced outside of school walls (Hall, 1991, p.3). In 1987, Hall noted that teachers were teaching literacy in a very controlled manner.
